

I would like to express my strong concern regarding the impact my community would sustain if priority is given to LPFM stations over current FM translator service. The only station I choose to listen to is K-LOVE, a publicly funded FM translator service station that provides positive, encouraging, family friendly programming that is Christ based. I fear that if LPFM stations are given preference that myself and all other members of my community will no longer have a station that we can listen to with our children without worrying about what we will hear. K-Love provides a community service by being available for prayer outreach and by always providing songs and words of encouragement. This station touches the hearts of so many of its listeners, that is why it has always been able to be publicly funded by them. Please do not allow this station to be forced off the air. Thank you!
